### How to Use the Scholarship Resource List:

1. Look through the entire scholarship list below.
2. Look at the requirements and pay attention to all scholarships that you're interested in **AND** you qualify for. (If you don't qualify for it, don't apply for it.)
3. Click on the links for each scholarship you circled.
4. If the link doesn't bring you directly to the scholarship application, type the name of the scholarship into the search box of the organization's website or search for the scholarship in an Internet search engine.
5. Check the requirements of the scholarship application. Make sure you still qualify.
6. Check the deadline and write it down somewhere to remind yourself later. (This is a good chance to write it in your planner or calendar in your cell phone.)
7. Gather all of the items you need to apply for this scholarship.
  - Scholarship essay
  - Personal statement
  - Letters of recommendation
  - Resume
8. Complete application requirements and **SAVE** all of your written work on your computer. You might need it later for another application.
9. Review your essays, statements, and all written work **BEFORE** submitting. Send it to someone else so they can revise it with you. The scholarship committee is going to read your work so it has to look good.
10. Submit your application and write down the date when you should be contacted about your application
